The Town of Spring City is proud to announce a new partnership initiative called "Community Street Banner Program." The goal of this program is to bond a city partnership with local businesses, non-profit organizations, and the community at large to promote both their organizations and the city, while beautifying the town. The program provides opportunity to have your company or organization's name or logo printed on the banner as another avenue of advertisement. The Town of Spring City will purchase all hardware. The only cost to you will be for the actual banners. The program consists of four (4) vinyl banners. Each banner is full color and represents both a Spring and Fall theme, Shake the Lake theme, and a generic "Welcome to Spring City" theme. The banners will be changed out periodically to represent the time of year. The only time when they will not be hung will be when the Christmas lights are displayed from approximately mid-November through mid-January.

If you are interested in participating in the program or have any questions please contact Stephania Motes at City Hall. More locations may be added later if needed. Pole location requests will be on a first come first serve basis.
